ARE YOU DOING YOUR SHARE?

**R. L. Polk & Co., Inc.**

526 Broadway, New York City

**Do you realize that a City Directory  
advertisement is a testimonial to the per-  
manency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize,  
because we know when they sell us merchandise they are  
behind it in every way, today, tomorrow, and for the years  
to come.

*"Fly-by-night," "fire-sale" and other temporary or  
"get-rich-quick" concerns rarely appear in the City Direc-  
tory.*

And it is a noteworthy fact that the concerns which advertise one  
year in the city directory are there again next year. 90% of directory  
advertising is renewed.

Directory advertising is profitable. In connection with the class-  
ified business headings it is doubly effective.

*May we explain how and why it will pay you?*

**The Publishers of this Directory**

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

### COMPRISING

**MISCELLANEOUS SECTION** (page 9), containing Municipal and County Government information, Churches, Fraternal, Secret and Benevolent Societies, Street and Avenue Guide, Etc.

**BUYERS' GUIDE** (page 23)—Advertisements of leading houses in all lines where more information than is possible to give under the headings, is placed on file for Buyers' Reference, the value of which department cannot be overestimated. It is an index to the best interests of the city, and stands for them and the city in reference libraries all over the country as well as on the desks of progressive business men. It is accessible to everybody and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men as a glance at this department will show.

**ALPHABETICAL SECTION** (page 31), gives names, occupations and addresses of all men twenty years old or over, together with wife's name where married also widows with given name of husband. Full copartnership and corporation information is contained in this department, together with complete business and professional information. Names in large type are those who realize the value of placing themselves where they may be speedily and conveniently found.

**CLASSIFIED BUSINESS DIRECTORY** (page 197)—All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross indexed to a descriptive space in the "Buyers' Guide." More goods are bought and sold through classified Directories than through any other medium.

Dr. Johnson, of dictionary fame, said that a man should keep his friends close in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist efforts in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said  
that a man should keep his friend-  
ships in constant repair. Paraphrasing  
the learned doctor, every concern should  
keep its list of customers in constant  
repair.

New customers must be obtained to  
replace those who discontinue be-  
cause of reasons beyond control. To  
assist clients in getting new customers  
is the POLKWAY Mail-List Service.

Dr. Johnson, of dictionary fame, said that a man should keep his friendships in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said  
that a man should keep his friend-  
ships in constant repair. Paraphrasing  
the learned doctor, every concern should  
keep its list of customers in constant  
repair.

New customers must be obtained to  
replace those who discontinue be-  
cause of reasons beyond control. To  
assist clients in getting new customers  
is the POLKWAY Mail-List Service.

Dr. Johnson, of dictionary fame, said  
that a man should keep his friend-  
ships in constant repair. Paraphrasing  
the learned doctor, every concern should  
keep its list of customers in constant  
repair.

New customers must be obtained to  
replace those who discontinue be-  
cause of reasons beyond control. To  
assist clients in getting new customers  
is the POLKWAY Mail-List Service.

**Directory**

**Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

*"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.*

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

*May we explain how and why it will pay you?*
